## Mistake.

A man had a fawn. He planted popcorn. He filled the barn with popcorn. Barn caught on fire. Corn began to pop. It burst the barn and spread over the fields. A near sighted cow thought it was snow and froze to death. That cow made a mistake.

### We made a Mistake.

Fine shoes of all kinds look so much prettier on B and C widths than on D, E and F widths, that in our eagerness to have pretty, stylish, shapely shoes and oxfords for our customers, we bought too large a proportion on narrow lasts. It wont kill us but it will cost us several dollars.

### You make a Mistake

If you have a narrow, slim foot and don't see our stock and prices. And even if you have a short thick foot, do you know it would look much better in a narrow shoe several sizes longer than your foot?

### DREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

Burglars at Crofton-Lafayette Merchant failed to find the safe in Dawson. Average of Cut Wares-Flour Takes a Rise-Heavy Tobacco Sales.

Burglars Make a Water Hand.

CROFTON, May 22.—The general merchandise store of Myers & Ezell was broken into last night by burglars. They cut a hole in the window sash and raised the window. They tried to get in the safe by drilling a hole in the safe door, but broke the bit. They then broke off the handle that moves the bolts, also breaking off the dial of the combination, but failed to get in the safe. They used tools from a blacksmith shop. No clue to the burglars. A telephone message was sent to the city, and at Earlington and he brought his three blood hounds and put them on the trail and they followed it for about a mile, to the Hill street, near Empire, when they lost it. The supposition is that the burglars boarded a freight at that point. It seems that the would-be thieves were after money, as none of the goods were molested.

Lafayette Merchant in Trouble.

Moses Heimsosn, the Lafayette dry goods merchant who failed about two weeks ago, was indicted by the Jefferson county grand jury, in Louisville, Monday, on a charge of obtaining goods by false pretenses. It is understood that Heimsosn's Louisville creditors testified before the grand jury, and that it was on this account that the bill was found. Deputy U. S. Marshal Howard came down Wednesday and arrested Heimsosn and brought him to this city, where he gave bond before Deputy H. H. Goley for his appearance to answer the charge before the criminal court in Louisville June 3. The amount of the bond was \$500. Messrs. T. J. Moore, Heimsosn's assignee, Marcus Weinburg, and Louis Heimsosn, of Cadiz, went on the bond, and the prisoner was released from custody.

Sudden Death at Dawson.

D. Tiedman, one of the foremost buyers on the Clarksville breaks, died very suddenly at Dawson Springs, Tuesday morning. For some time he had been in poor health and went to the Springs about a month ago. He leaves a wife but no children. He was a native of Bremen, but a few years ago he came to Clarksville from Richmond, Va., and has been a large buyer for Bremen and other export markets. He was the manager for the firm of Ernst, Mueller & Co., of New York. He was about 50 years old.

New Paper at Sebree.

Next Thursday morning the first issue of the Sebree Herald, a new paper to be published at Sebree, will appear. The sheet will be edited and published by Mr. Geo. Beard, late of Sturgis. The paper will be two papers, the Ledger having been established several months ago by Mr. John C. Riley. Mr. Beard has had several years' experience in newspaper life, having been connected with a Sturgis paper for some time, and has purchased a new outfit with which to commence business.

The Deppens are Here.

The Nashville Deppens and the locals played a good game at the park yesterday. We went to press too early to give the score. The same club will meet to-day, the game being called at 2:30 sharp. Those wishing to witness a good game of ball should not fail to attend. Today's game will be finished in time for those from a distance to leave on the afternoon trains. The crowd that witnessed yesterday's game was the largest of the season, and the indications are that there will be a very large attendance this afternoon.

Tobacco Man Badly Hurt.

Mr. M. D. Boales, the well-known tobacco man, happened to a painful accident Wednesday morning, which came near resulting seriously. He was standing on the high platform of Wheeler, Mills & Co's warehouse, on 6th street, when he slipped and fell to the ground, striking his right arm on some broken glass, and cutting his wrist to the bone. Mr. Boales was at once taken to the office of Dr. F. M. Stiles, who, after some difficulty, stopped the flow of blood and rendered other necessary surgical aid.

Cut Worms' Work.

From many sections of the county reports are still coming in concerning the continued ravages of the cut worms. In the Pembroke neighborhood some farmers have been forced to set their tobacco a third time, and other crops have also been damaged by the pests. The weather for the past few weeks has been very favorable for their work and unless there is a decided change in a very few days the damage will be almost insupportable.

ON for Louisville.

The special car from this city for the Y. P. S. C. E. State convention attached to yesterday's accommodation train, contained an enthusiastic crowd of endeavorers. There were forty from this place, and five from Earlington. A large party joined them at Bowling Green. The car was handsomely decorated inside and had streamers running from end to end on the outside bearing the words "Hopkinsville Endeavorers." All of them are furnished with free entertainment during the convention in Falls City and a good time is in store for them. The Louisville convention may equal but cannot excel the convention held here last year. Most of the crowd will remain in Louisville Sunday. Mr. Fred K. Wallis will conduct the closing service of the convention. This is the consecration service and is regarded as one of the most solemn and interesting ones of the convention, and was conducted here last year by "Father" Francis E. Clark, the founder of the United Societies.

A Lively Tobacco Market.

Our market this week is again on a boom and some fine prices have been obtained. The offerings amounted to about 600 hogsheds, with very few rejections. Fine leaf was in great demand and some of this class brought \$15.50. The most of it went above the \$10 mark. The market on commoner kinds was also active and somewhat stronger, with a fairly good demand. Receipts continue large and are increasing right along. Many hogsheds from Robertson, Montgomery, and Stewart counties, Tenn., and Logan, Simpson, Warren, Todd, Trigg, Edmonson, Caldwell, Crittenden, Hopkins, Webster and Muhlenberg counties, Ky., have been received this week and much more will follow. The weather has been very cool for the season and the plants set have not yet made much headway, but a few warm days will start them off all right. While the cool weather, late tobacco will not order well, hence the full delivery of the '94 crop will be retarded a few weeks. The loose market has been active all along, but there are no new features to report.

The Advance in Flour.

"In sympathy" with the advance in the price of wheat in Chicago last week, flour bobbed up \$1.15 on the barrel from Tuesday to Saturday of last week, which caused considerable growling from those who happened to be out of that commodity. Some local speculating was indulged in and a few dealers who were not posted were caught for small amounts. We have heard of one party who sold "long" and realized \$1,800. He had courage enough to draw out and quit at the right time. A further advance in flour is expected by some of our dealers, some predicting that the first grade will go beyond \$5 before new wheat comes in. Our farmers will no doubt realize a good price for their new crop and will be quite plentiful when they commence delivering it. Meal, bacon, lard and sugar are also in sympathy with wheat and have taken an upward turn.

Howell News.

HOWELL, Ky., May 20, '95.—Mr. J. B. Wood was badly hurt a few days ago while loading a hogshed of tobacco on a wagon is improving. His injuries are not so serious as was first supposed, and his physician thinks he will be up before long. A singing school was organized yesterday at Olivet Baptist church, under the direction of Prof. Brown, of Big Rock, Tenn. Miss Nellie H. Fox leaves to-day for a visit to friends at Lewisburg, Tenn., and other points. Mr. J. S. Quarles is by long odds the biggest man in Howell to-day, and the increase in size is caused by the arrival of a fine boy at his house this morning.

June Circuit Court.

The June term of Christian circuit court convenes in this city Monday, June 3, for a four week's session. There have already been 109 appearances filed, with to-day left to file other suits for this term, which will probably swell the number to 125. There are 225 continued equity cases on the docket, 58 common law cases and 183 common-law cases, making in all about 660. The only common-law case of note is that of Wm. Morrison, charged with voluntary manslaughter in the killing of Chas. M. Minton some time last year. This case is set for the 7th day of the term.

Preacher in Danger.

Preacher Capps, of Mt. Vernon, Ky., who attempted to murder his wife sometime since by shooting her several times, was held to answer at his examining trial in the sum of \$3,000. His wife is still alive, but is in a precarious condition. The pascener failed to give bond and was sent back to jail. On account of threats of lynching against him, a strong guard has been placed about the jail with orders to protect him from mob violence at all hazards.

New Landlord at the Phoenix.

Col. J. O. Cooper will take charge of the Phoenix hotel next Monday and conduct same in future. Mr. Cooper is a thorough hotel man, having conducted the business for a number of years before Mr. W. T. Cooper took charge of the house, and under his management the Phoenix will, no doubt, continue to enjoy the liberal patronage that it has in the past. Mr. W. T. Cooper has rented an elegant brick cottage on North Main and will move to same at once, where his other business interests will occupy his time and attention.

Two Bats for Dover.

On June 1 there will be held a one day meeting of the Spring fair at Dover, Tenn., which is open only to county entries, consisting of exhibitions of fine stock, running and trotting races. Freshman races are offered only for county stock at this meeting. The fall fair opens in October and last three days—10, 11 and 12—at which time there will be big stakes and they are open to all. The fair association meetings will be moved to a location on Lick Creek, near Dover, where grounds have been donated by the land company of that place.

Examination.

There will be a teachers examination for the Hopkinsville public schools at the City street building on May 31st and June 1st. All desiring to take the examination will report for work at the place named by 8 o'clock Friday morning, May 31.

Deaths.

PERKINS.—Mrs. Jane C. Perkins died at her home near Cerulean Springs last week in the 79th year of her age. She was born in Virginia Oct. 14, 1816 and was married to A. C. Perkins at 16 years of age. She was left a widow in 1847. She leaves two sons and two daughters and a large number of grand-children. She was a member of the Cerulean Springs church and her funeral services were conducted by Rev. A. W. Meacham on Friday at the church.

DUNLAP.—Mrs. Sarah Dunlap, one of the oldest women in the county, died at her home in the southern portion of the county on the 18th inst., aged 96 years. She had been a member of the Baptist church for 83 years and her long life was one of consistent piety and earnest consecration to the service of God. She was loved and venerated by a large circle of friends. She was the mother of five children, two of whom survive her, Mr. A. Dunlap and Mrs. B. W. Coward. Her funeral services were held at Little River church on the 19th, by her pastor Rev. A. W. Meacham.

Colored.

PAYNE.—Nora Payne, aged 12 years, died of fever in the city Monday.

Beverly Shavings.

BEVERLY, May 22.—As "Nora Neil" was kind enough to furnish the news from this place, last week and "Scipio" has long since gone "West," though awfully frightened, we venture to write once more.

The farmers all around the village are blue over the recent cold weather, the frost having injured the wheat, corn and tobacco. The weather, however, the cut worm are terrible. One farmer, after planting his tobacco over the third time, was heard to say to his wife, "suppose we would let them spend the night and leave the cut worms monarch of all they survey."

Miss Lizzie Nance, after a two week's visit to Mrs. Eugene Coleman, has returned to her home at Roaring Springs.

Miss Anna Fleming spent several days of last week with Mrs. Guy Brum, of Flat Lick.

Miss Jessie Bradshaw is visiting her aunt, Mrs. Rosa Coleman, near Herndon.

Several couples from this place attended the party at Mr. W. W. West's, near Church Hill, Friday night, viz: Miss Donnell and Jack West, Miss Jennie Donnell and Ed Steger, Miss Nettie Hord and Joseph Cheatham, Miss Mary Low, Kenner and James Bradshaw, Miss Maude Boyd and Tryt Nuehols, Miss May McCulloch and John Boyd, Miss Beale Kenner and Ben West, Miss Lizzie Nance and Will White, Miss Lulu Steger and Rob Kenner, Miss Sadie Sybert and Sam White. They all reported a delightful time.

Miss Lillie Huffman, of Carbondale, Tenn., is visiting her sister, Mrs. Burr Hallow.

Mrs. Minerva Bradshaw is very ill at this writing.

Messrs. W. L. and Tom Clardy and sister, Miss Jennie, were the pleasant guests of their Uncle, Mr. Tom Major, last week.

Mrs. Jimmie Bradshaw visited Flat Lick Sunday.

Misses Brenda and Alta Kenner are visiting friends in Hopkinsville.

MAMA'S PET'S.

During the past few months prices on footware have been steadily advancing and a further sharp advance is expected. Early buyers, it is thought, will go up 50 per cent.

**ANNOUNCEMENTS.**  
We are authorized to announce  
**JUDGE JOHN PHILLIPS**  
has a candidate for Circuit Court Judge in this district, subject to the action of the Democratic party. Election November 5, 1895.  
We are authorized to announce  
**JUDGE THOMAS P. GOOK.**  
of Callaway county, as a candidate for Judge of the Circuit Court of this district, subject to the action of the Democratic party.

Judge Parker, of Lexington, has decided that no elections can be held under the constitution in cities of the second class until the year 1897.

Frank P. Hastings has presented his credentials as Hawaiian minister at Washington, vice Lorin A. Thurston who talked too much with his mouth.

The State Democratic executive committee of North Carolina, met at Raleigh, Wednesday and adopted resolutions reaffirming the party's declaration in the State convention in favor of the free coinage of silver at 16 to 1, by a vote of 29 to 1.

The Louisville Post, heretofore a strong supporter of Hardin, has changed front and is demanding his defeat as the "first duty of Democrats." But what is the use to quote from the Post? If it ever had any influence it has been destroyed by just such capers as this.

Secretary Carlisle's change of base is bad enough, but it is not so shameful as the sudden drop of Justice Shiras on the income tax law. Less than sixty days ago Justice Shiras, after a full hearing of the case, voted to sustain the law, but this week he reversed his decision after Justice Jackson had broken the tie by voting in favor of the law. This suspicious somersault of the Pennsylvania member was what knocked out the law.

Secretary Carlisle stated at Covington that free coinage would cause the immediate disappearance of \$625,000,000 of gold. This in the face of his own report giving the amount of gold in the country as \$7,400,000, which Prof. Laughlin says has been reduced to \$568,000,000 since the secretary's report was issued. The secretary failed to explain how free coinage would "run out" more gold than we have and he further failed to explain what has already run out \$1,100,000,000 under a single gold standard.

Some few argue that because Linn beat Cook in 1890 for County Judge that Linn is the most popular. That argument is too thin. In the first place Cook made no active canvass. In the next place Linn was beaten by the populist element in the regular election, again Linn beat Ferguson in the primary in 1890, worse than he did Cook. In 1894 Linn was the third man in the race and Ferguson was nominated and elected!

Verily things have changed since Betsy died, and the Democrats in Calloway know more than they did four years ago—Murray Ledger.

The International Horsehoers' Convention at Milwaukee, Wis., Wednesday, adopted resolutions favoring free coinage of silver. The preamble stated that all the hard times of the past two years have been caused directly by the demonetization of silver, and to this cause was due the compulsory idleness of 2,000,000 workmen. Another resolution was adopted providing for copies of the resolution and preamble to be sent to President Cleveland, Vice-President Stevenson, Secretary Carlisle and the chairman of the finance committees of the senate and house of representatives.

Secretary Carlisle's exhibitions of "offensive partnership" in Kentucky are the strongest cards the goldbugs have to play. They have made a systematic attempt to stampede the Democracy to the English system of currency advocated by Mr. Carlisle. Pamphlet copies of his speech were sent out to the papers several days ahead of its delivery and every inducement was offered to get the county papers to print his attack on Democratic principles. His speech was a dry discussion of goldbug arguments long since exploded and contained nothing new on the subject.

**A PAIR OF PICTURES.**  
(Mayfield Mirror.)  
Our congressman, Hon. John K. Hendrick, has a position on the currency question, and makes no hesitancy in announcing his views. Last fall when he was a candidate for nomination for congress he issued a circular in which he used the following language:

"Another groundless report that has been circulated is the one to the effect that I am a goldbug. Of course the originator of the story knew it to be untrue and it was done for the sole purpose of injuring me, the parties starting it well knowing that many people would hear it that I could never reach by denial or explanation. The fact is, I have never in my life entertained the slightest favor for the single standard. I have known, ever since I have been old enough to seriously consider the question, that neither of the metals exists in sufficient quantities to answer the business demands of the country and to strike down either of the metals would lessen by one-half the poorer or the tax-paying class to meet the just demands against them; and as I belong to that class of fellow citizens I certainly would not favor a scheme which I think would result in my own oppression. I claim to be a bimetalist in every sense of the word, and were I in congress would certainly vote and use my influence towards the rehabilitation of silver. I would not even vote to change the present ratio of coinage, because if the ratio should be changed from 16 to 1, to 17 to 1, or changed to any other ratio, that very act, of itself, would demoralize and destroy every dollar of the \$600,000,000 which we now have in circulation."

The above language was used not quite a year ago; and now the following is attributed to him by a Courier-Journal correspondent at Owensboro, while he was there at the convention to nominate a candidate for railroad commissioner last week:

Congressman Hendrick, of the first district, said: "I made my campaign on a sound money platform and won by it. I believe my majority still exists in my district. These reports about so many free silver men in my county are untrue. How can a Democrat be for free silver with the record of our administration behind us? A Democrat could not get up and make a speech on a free silver platform. That would be going back on the teachings of our party."

Mr. Hendrick's followers here, with-out regard to their views on the money question, were greatly surprised to find such sentiments attributed to him as contained in the Courier-Journal, remembering how he had fled the district with criminals in which he claimed to hold the position of free and unlimited coinage.

Having knocked out Prof. J. L. Laughlin, the Chicago goldbug, W. H. Harvey, author of "Coin's Financial School", is going to discuss silver with Congressman Russell P. Harr, who thinks he knows it all.

The Democrats have nominated two more candidates for the legislature—H. K. Boyd and W. H. Daugherty in Grant county.

**Gave New Life**  
**Sick Headache and Neuralgia Cured by Hood's**  
"Hood's Sarsaparilla has done me a great deal of good. I have been a sufferer from sick headache and neuralgia nearly all my life. The pains had become so intense that my hands would cramp for hours so that I could not use them. The doctor told my husband there was little help for me. The different medicines tried had greatly disheartened me. Since using two bottles of Hood's Sarsaparilla I have realized relief, so much so that I feel like a new person. Our little boy has been troubled with his throat but since taking Hood's Sarsaparilla, his hoarseness has gone and he is better in health." **Mrs. MATTIE GUP-TON, Dukedom, Tennessee.**  
**Hood's Pills** become the favorite cathartic with everyone who tries them. See, per box.

**OBITUARY.**  
Mrs. Katie Crawford Covington, the wife of John Covington, of Pembroke, died in the Douglas Infirmary at Nashville, Tenn., May 7, 1895, in the forty-first year of her age. She was born Dec. 19, 1853. Two years later she was happily converted to God, and united with the Methodist church, in which communion she lived a consistent and exemplary member until the day of her death. It would be difficult for any one to exemplify more fully the Christian graces than she, in the life she lived. Gentle, charitable, kind, sweet-spirited and abounding in good works. All who knew her recognized her as one of the "elect ladies" spoken of by the apostle. She had been an invalid and a great sufferer at times for many years, and bore her sufferings with characteristic patience and fortitude. Her death was a great shock to her friends as it was not expected, but when it came, it found her ready to meet the issue without a tremor, or a doubt.

**Your Physical Condition**  
Needs attention at this time. If you are tired, weak and nervous, it is clear that your blood is impure, and without doubt there has been too much over-work or strain on brain and body. The course of treatment for such a condition is plain and simple. The blood must first be purified so that the nervous system, and in fact all the organs will be fed upon pure blood. Intelligent people without number have testified that the best blood purifier, nerve tonic and strength imparting medicine is Hood's Sarsaparilla. Nervousness, loss of sleep and general debility all vanish when Hood's Sarsaparilla is persistently taken; in a word, health and happiness follow after taking Hood's Sarsaparilla.

You cannot judge a remedy until you know its father and mother, and so understand the responsibility for its existence. Ramon's Tonic Liver Pill is based upon the formula of one of the greatest physicians of the last century, and its wonderful success in curing complicated forms of biliousness and liver trouble is due to the remarkable compounding of its ingredients. Have you ever tried it for sick-headache? It costs but 25 cents a box. For sale by druggists. Sample pill free.

Doggerel.  
We have a dog, a famous dog.  
He's full of spots all over.  
Cleveland is his proper name.  
For short we call him Rover.  
He's not the biggest dog in town.  
While yet I know 'tis true,  
That he has fully four good legs.  
The biggest have but two.  
He never brags about his pluck  
For he is truly game.  
And when a dog fight is on hand  
He sits there all the same.  
Sometimes his angry passions rise  
He's mad as any horse,  
But then he never uses oaths  
Nor even says dog-gone-it.  
As I have said he's truly game,  
But his pluck he best can show  
When he has a fence, full six feet high  
Between him and his foe.  
Into the house he often comes  
And makes so very bold  
As to get between you and the fire.  
For his nose is always cold.  
He never sits upon the floor  
But always takes a chair,  
And that's the reason why my clothes  
Are always full of hair.  
He doesn't know that he's a dog,  
Though he is wonderful wise.  
For self conceit, chief trait in man,  
Beams out from both his eyes.  
Sometimes he sits up straight and proud  
To show his handsome figure,  
And then forgets and cringes down  
And nods just like a nigger.  
He wags his tail like other dogs  
And sometimes licks his paw  
And if you feed him bread or meat  
He's sure to work his law.  
The dog-trail is his usual gait  
Though sometimes just for fun  
To show he knows arithmetic  
He puts down three and carries one.  
In short he is the smartest dog  
That ever you did see.  
He can perform most any feat  
Except to climb a tree.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.  
 Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the cleansing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.  
 Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
